Compass- submitted learning tasks

- ▶ students are able to submit by clicking the **'Create Submission'** button for each submission element, like in the image below.

Compass-teacher feedback

- ▶ By clicking the **Feedback tab** the student will be able to see:
 - ▶ the results they've received
 - ▶ the **conversation section**, where they can ask their teacher a question or their teacher has provided a comment
 - ▶ **download any response documents** the teacher has uploaded.

Compass-conversation

- ▶ Here you can add a comment to your teacher such as a question you have about your learning task (your teacher will receive a notification and will respond when they can).

The screenshot shows a web application interface for a learning task. At the top, there is a search bar and a user profile for Vincent CRABBE. The main content area is titled "Learning Task - Biology Research Task" and has two tabs: "Task Details" and "Feedback". The "Feedback" tab is active and contains a "Grades" section with a text box that says "No grades available yet". Below this is a "Teacher Responses" section with a table that has two columns: "Filename" and "Uploaded". The table is empty, with the text "No responses have been uploaded yet" below it. On the right side of the interface, there is a "Conversation" section with a text input field labeled "Add comment...".

Grades

Any assessment results provided below are raw scores and may change during school or state based statistical assessment moderation. The statistical, state based, moderation process is used to ensure that schools' assessments are comparable throughout the state. It involves adjusting each schools' coursework scores for that study to match the level and spread of the combined examination and GAT scores for the students in that school doing that study. For more information on assessment moderation, please contact the school.
